Raufoss ProRack
– for Defence and Police

Raufoss ProRack

Raufoss ProRack is a modular rack system designed for professional users, including defense forces and police. It sets a new standard for high security and rapid access.

Optimized for the local storage of weapons in frequent (daily) use, the system can be installed in strongrooms, armories, and large gun safes.

Developed in collaboration with the Norwegian Defence Logistics Organisation, Raufoss ProRack is now being deployed at military bases nationwide. It is designed to accommodate all types of personal soldier weapons, from pistols and assault rifles to heavy machine guns.

Its modular design provides exceptional flexibility, allowing for easy customization to meet specific requirements. Users can adapt the system at any time to accommodate new applications or weapon types.

Each Raufoss ProRack unit is equipped with either an integrated coded padlock for individual weapons or a locking system for multiple weapons.

Key Features:

- High security
- Rapid access in emergencies
- Space-efficient design
- Flexible and adaptable
- Clear, instant overview of weapon status

Index

ProRack One

PART NUMBER: ProRack One: 803014
                        ProRack One L: 803015
                        ProRack One XL: 803016

- Telescopic weapon stand
- Can be used for all common assault rifles and machine pistols
- Easy lenght adjustment
- Intergrated code padlock

Open   Locked   Length adjustment

Weapon type	Weapon stand length [cm]
G3, AG3	108,0
HK417	105,0
FN MINIMI	91,7
HK416	87,8
HK416K	72,6
G3, AG3 retractable stock	87,0
MP5	75,1
MP5 retractable stock	57,4
MP7	57,2

* Use ProRack L for weapons longer than 90 cm
   Use ProRack XL for weapons longer than 110 cm

ProRack eBox

PART NUMBER: 804023

- Equipment box for weapon accessories
- Integrated cassette for handguns (optional)
- Large window for easy inspection
- Integrated code padlock
- Tilt box for easy access
- Tilt box can be lifted out

Other eBox interior can be provided on request

External dimensions [cm]

ProRack pBox

PART NUMBER: 803030

- Storage box for pistols
- Large window for easy inspection
- Integrated code padlock
- Easy access

| External dimensions [cm]	
Height	27
Width	19
Depth	6

ProRack Panel system

PART NUMBER: See table

The panel building system makes it easy to install Raufoss ProRack. Start with mounting the panels on the wall, using panels of different sizes to «build around» light switches, fire extinguishers and other obstacles. Thereafter attach the ProRack equipment (weapon stands, boxes, shelves etc) to the panels at the desired positions. The equipment can later be repositioned to suit new user needs.
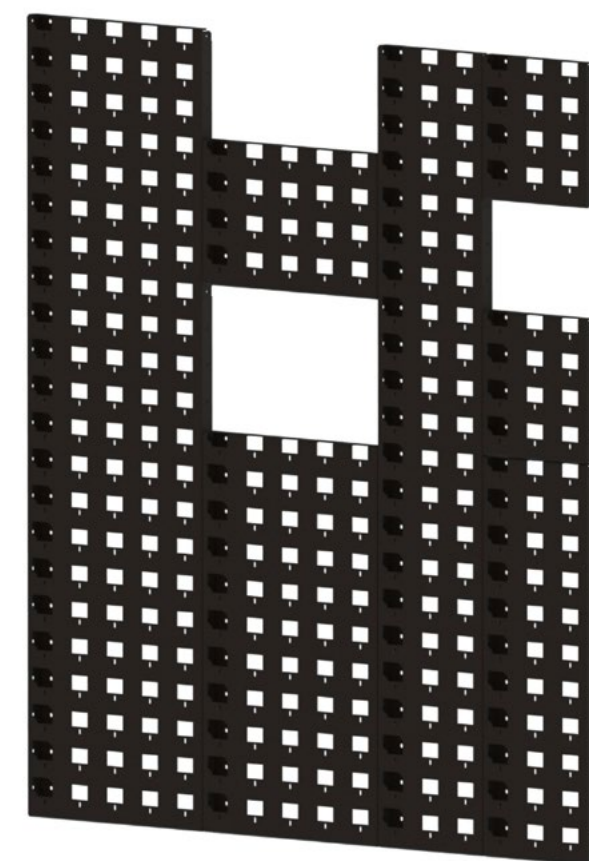

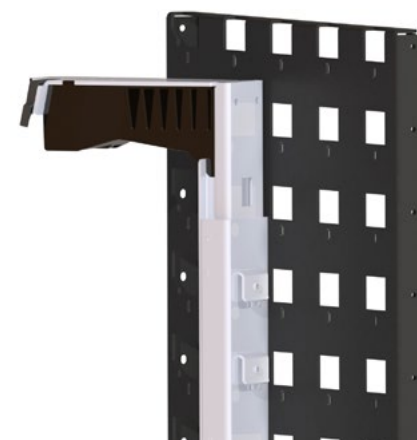

Panels and dimensions [cm]			Part number
Rack Panel	H165	W60	800011

Multi modules

## Space efficient storage units for multiple weapons

10-in-1 Module
PART NUMBER: 803050

- For 10 weapons
- Easy length adjustment
- The overlapping feature maximizes the number of weapons in height
- Lock all 10 weapons with padlock (sold separately, page 27)
- Other weapon capacities are available on request
- Delivered with black powder coat
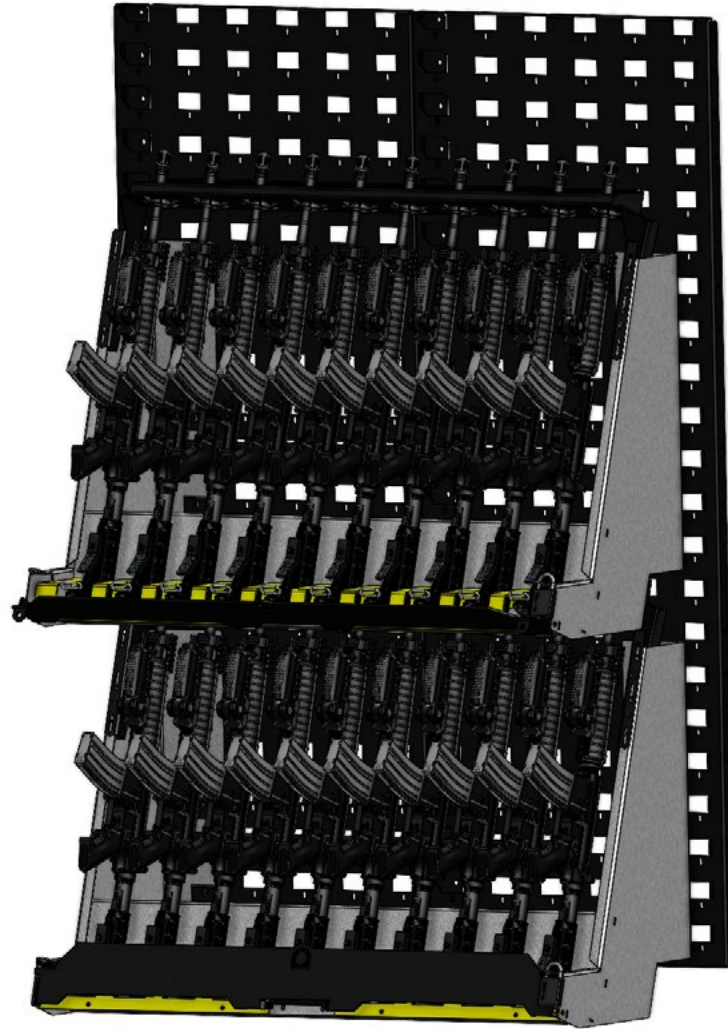

10-in-1 Overlap Module mounted on ProRack panels in two heights
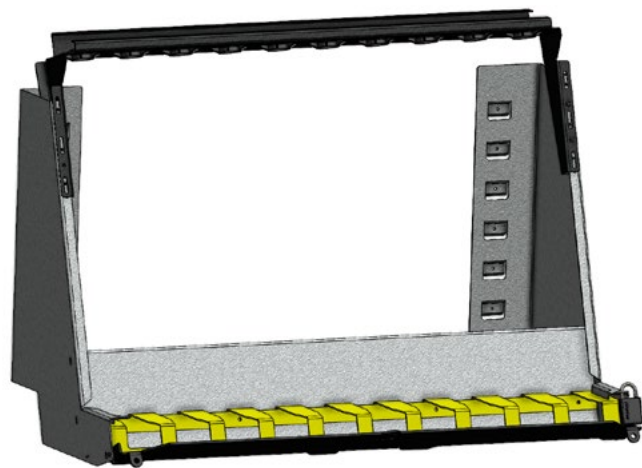

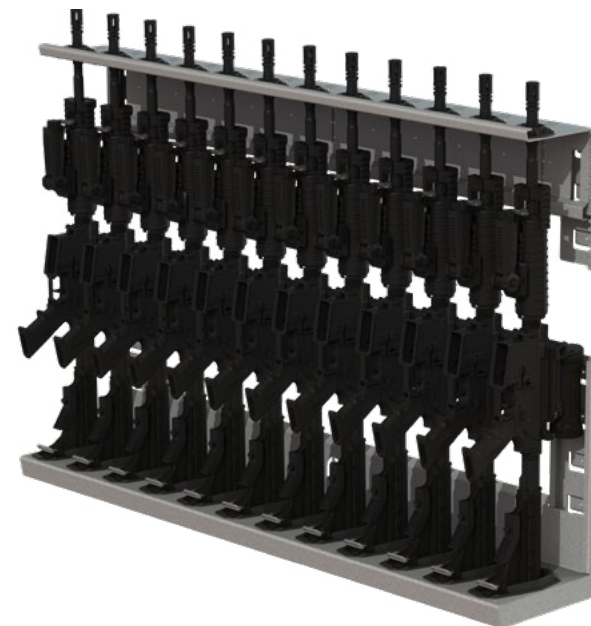

12-in-1 Module
PART NUMBER: 803070

- For use on wall and trolley
- The distance between the upper and lower unit can be adjusted to fit different weapons
- All 12 weapons can be locked with a WireLock

Armoury program

The Armoury product line consists of a wide range of storage units that can be used where individual locking of each weapon is not needed.

Combine High and Low units from a wide product range to build optimized storage solutions.

The pictures below show examples of how the units can be combined for storage of different weapons.

Wire and padlock's are sold separately, find more information on page 30.

Panel Cabinet

- Individual locker, to be mounted on ProRack Panels
- ProRack storage units can be placed inside Panel Cabinet
- Locking with pad lock
- Can be ordered with shelf

Panel Cabinet

PART NUMBER: 920450
Width: 40 cm
Height: 165 cm
Depth: 35,5 cm

Armoury Safe

- Armoury safes manufactured in 2,5mm steel plate.
- Delivered with security lock according to En1300 - A.
- 3 point lock approved by UK Armed Police.
- Approved and used by UK Armed Police.
- Bolts for securing to floor/wall are included.

Armoury Safe AS 15114 Team Cabinet

PART NUMBER: 920765
H:148 cm W:107 cm D:40 cm

Designed for 10 weapons
Is equipped with ProRack panel system

ProRack storage units can be placed inside Panel Cabinet

Armoury Safe AS 856 Opsbox

PART NUMBER: 920748
H:80 cm
W:50 cm
D:58 cm

Will fit 1 assault rilfe and
a body armour with full kit.

Opsboxes are stackable

Drawers

- Drawers can be mounted on ProRack panels
- Allows easy storage of equipment and documents
- Drawers can be delivered with foam inlay or dividers for weapons and other equipment.
- Drawer 30 SSK and Drawer 60 SSK can be mounted in SSK Armoury safes
